To whom it may concern,

Over the last year Ms. Mullaly has been working with the CompUSA organization as a consultant employed to capture and expand key statewide contract opportunities in the public sector market. She has acted in a consultative role on two occasions to augment CompUSA's efforts to obtain a key statewide contract award. Both times were met with a successful award under highly competitive circumstances.

On another related project, Ms. Mullaly was hired by the CompUSA field sales organization to provide key market data and competitive intelligence to help the sales teams effectively market one of the contract awards. Her efforts helped provide a fast track approach to obtaining the revenue potential of the contract.

We continue to benefit by the perspective and creativity Ms. Mullaly lends to our major proposal development efforts and resulting marketing and sales plans. She expresses her ideas well to garner cooperation and support from all levels of CompUSA management who are responsible for executing winning proposal strategies.

In my capacity at CompUSA I have the overall responsibility of the sales and marketing efforts of the state government, federal and education markets. I recommend Ms. Tiffeny Mullaly without hesitation to any IT related company who desires to win key opportunities or expand their presence in these market sectors.

If you have any questions please contact me at 214.252.6706.

Best Regards,
